Levy County First Responders

Levy County Schools

Levy County Emergency  
Management

# Levy County

# SAFE Program

## What is the SAFE Program?

The SAFE Program is a means of better communication between Levy County first responders and residents with special needs before an emergency occurs.

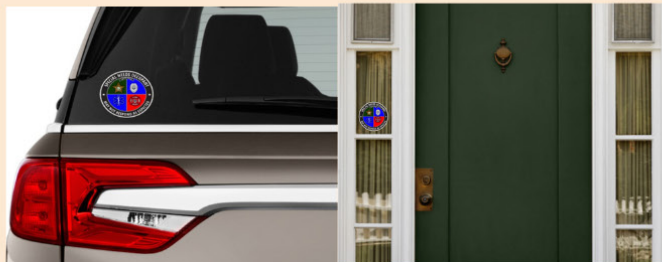

### Who should enroll?

Any resident with a disability or special need such as:

- Autism
- Down Syndrome
- Alzheimer's disease
- Deaf/Blind
- Other communication disorders
- Other mental disabilities/limitations

## How does it work?

When residents enroll in the program, our dispatchers input critical information into the emergency system, and families place SAFE decals on their homes and vehicles. Should an emergency arise, first responders see the sticker, and know to approach with extra care. The Sheriff's Office, EMS, and Fire can access the information provided by the family, helping to ensure a positive, safe experience for all involved.

## How to enroll:

Visit the Levy County Sheriff's Office website at [www.levyso.com](http://www.levyso.com) to register

Decals will be mailed to residents; one for a home entry point, and two for vehicles. Vehicle stickers should be placed on the driver side rear window.
